Clerk

5 **County Councillor Report**

Cllr Vaughan gave a verbal report:

- **Protecting Wildlife in the Verges** Many verges across Hampshire offer a vital refuge for rare species of plants and other wildlife. Maintenance of these areas seeks to preserve wildlife habitats as far as possible, without impacting on road safety. Rural grass verges are cut once a year, usually during summer, with the cutting of some verges is timed to allow rare species to flower and

seed. Almost 200 of these verges are home to bees, butterflies and moths that rely on flower rich grassland to provide a source of nectar and pollen. Protected species (such as orchids, Cudweed, Tower Mustard, glow worms and Lychnis moth caterpillars) need to remain uncut throughout their flowering and seeding seasons, so they can survive and reproduce. Conventional cutting throughout summer would result in a decrease in biodiversity interest over time. Protected areas are therefore cut in April and/or late September, depending on the species present.

- **Surface Dressing** helps protect the road surface by providing a waterproof seal to prevent potholes and restore any lost skid resistance. Surface dressing treatments are applied when the road is dry. It is a quick process with most sites taking less than a day to complete. A thin layer of new stone chippings improves skid resistance and also reduces the risk of aquaplaning. Drivers are advised to slow down to avoid damage to their cars (and to others) when a road has just been treated. The road is swept to remove loose chippings as soon as possible after treatment and before the road markings are repainted. Issues that relate to surface dressing operations can be addressed by the Customer Contact Centre on 0300 555 1388.
- **Thinking about volunteering at Sir Harold Hillier Gardens?** The gardens are an unrivalled collection of trees and shrubs set in 180 acres near Romsey, in Hampshire. If you have a few hours to spare on a regular basis then please do consider volunteering. There are opportunities both inside and outside and no previous experience is required. For further information is available from the Volunteer Co-ordinator on 01794 369305
- Ofsted have graded **Hampshire County Council's Children's Service** as outstanding in all areas. The service received the top score for overall effectiveness, the impact of leaders on social work practices, for children who need help and protection, and those in care and care leavers. The report found that social workers are highly skilled at building meaningful relationships with children. It also highlighted the council's political and corporate support as well as financial investment. Hampshire's response to vulnerable young people at risk of exploitation is described as highly effective. Got an excellent OFSTED report on Childcare.
- The Royal British Legion has held a flag raising day, and the Hampshire branch has a new flag.
- Surface Water drainage – Cllr Vaughan is chasing Highways
- 30mph speed limits – Cllr Vaughan has looked into this, and will continue to support.

6 **Borough Councillor Report**

Low hanging branches in the conservation area near Beech Farm were noted– Clerk to speak to Lengthsman.

Clerk

- 7.2 Parking issues and possible consultation – Cllr Durrant noted that parking is a huge problem in Bramley due to Borough policies on parking. The PC needs to think about how to form a public consultation, and suggested that a working group should take the issue further.

The most affected areas need to be looked at first, and list of hotspots should be compiled. Cllrs Durrant, Capel and Tomblin volunteered to take forward.

*Cllr Tomblin/

Two additional slots are available for co-opted Trustees and the Trustees have advertised in the Bramley Magazine; they are particularly looking for a younger Trustee. A government scheme to promote young Trustees is running as less than 2% are currently under 24 years old. This also

encourages assigning specific roles/projects to young Trustees.

Further appointments were:

- Lars Smallbone (Project to document and publicize the refurbishment)
- Samantha Webber (Business marketing/social media)

e. Clift Meadow Trust – Cllr Capel gave a brief verbal report.

- AGM – there are three new Trustees, who are all taking on active roles.

The Clerk noted that footpath 6 has had the vegetation cut back by the Rights of Way team at HCC. A number of other footpaths in the Parish should also have been maintained at the same time.

h. Road Safety Project – see appendix B.

- Cllr Ansell has met with the new project manager from HCC – the project has been handed over to relevant department.
- The junction work will be in the 2020 programme of works for next summer.

Cllr Durrant noted the successful public meeting last week, on planning. A number of residents attended, and asked some excellent questions of Cllr Ken Rhatigan, the leader of BDBC. Notes from the meeting and slides will be available in due course.

Cllr Rowland noted that Bramley issues impact on Sherfield, and vice versa, and also re-iterated her concern on the lack of 5 year land supply. There are also issues with planning permissions then not being built. Parishes are also not seeing the benefits of existing development via s.106.

A further public meeting will be scheduled some time in September.

Notes and slides to be distributed to all councillors who are to feed back

**Clerk/Cllr
Durrant
Clerk**

comments to Cllr Durrant and Clerk.

Cllr Durrant noted that it is clear that residents are worried about more development in Bramley.

Cllr Durrant also noted that Land North of Sherfield Road is likely to go into the SHELAA.

10 **Consultation documents requiring consideration**

None.

11 **Grant Applications**

- 11.1 Community Speedwatch team – an application has been received for £202 to cover the cost of insurance for the speed indicator device.

Insured equipment will mean the camera can be deployed without a team in attendance, which will increase the deployment locations. Manned teams can only deploy in police approved safe areas, of which there are three in Bramley. Unmanned deployment will log date, time, and speed of vehicle. No personal details are collected.

Cllr James proposed giving the grant, unanimously agreed. Clerk to process.

Clerk

- 11.2 Donation towards the WI garden at Clift Meadow – Cllr Durrant suggested a one off donation to the WI in thanks for the work on the garden at Clift Meadow. Cllr Munday suggested considering this once new storage shed is in – this was unanimously agreed.

- 11.3 Open House Coffee Morning – an application has been received for £500 for startup costs for a regular coffee morning at Clift Meadow, open to all. It is anticipated that once it is set up and running, it should be self-financing. A 5 week trial period is planned at Brocas Hall from 11th September. CMT will be hiring out the hall free of charge, but if successful then they will charge some rent.

The £500 is planned to cover consumable items, so the grant would be a one off. The PC should be acknowledged in advertising. Cllrs requested that the grant should not be spent on single use items, but some of it should be used for advertising to get it well publicised.

Unanimously agreed in principle, Clerk to find out about advertising and generating demand. Also need to check relationship with CMT, and what the plan is if it is successful and runs into a surplus. Any profits should go back to CMT.

Clerk

12 **Finance**

- 12.1 Quarterly expenditure against budget review – the Clerk has distributed this to all councillors (see appendix C). She noted that this is still a work in progress, and may need tweaking to be more meaningful to councillors and the public.

POLICING & NEIGHBOURHOOD WATCH

Community priority update: In making a decision on what type of crime we should focus on in your local area, I have to use the resources I have in the most effective way I can. I also have to look at what our own, wider priorities are and what our current figures tell us about crime in your area. While crimes of violence or serious harm still remain relatively low in Basingstoke, our primary focus must be on the most serious types of violent offences, whether they are linked to knives, drugs, domestic violence, the sexual and criminal exploitation of children and the protection of other types of vulnerable people, for example those who are repeatedly being reported as missing.

That said, the survey shows us that you are concerned about burglaries, within your local area. Given this, I have decided that focus for this quarter in your area based on what you have said will be to reduce the overall number of burglary offences.

Please do continue to report all types of crime. Your local beat officers will continue to act to reduce the number of all types of offences in your local area and we will continue to monitor any emerging trends in offences.

The burglaries that are reported to us involve mainly sheds and outbuildings where garden machinery is often stolen. Please take the opportunity to record details and mark your garden machinery with your post code. There have been some burglary dwellings that have been reported however these remain low. If you have been a victim of burglary and you would like a visit from police then please contact emma.page@hampshire.pnn.police.uk.

We will continue to notify the community of burglary offences when they are reported on Hampshire Alerts.

Inspector Hannah LUCHESA

Bramley and Sherfield-on-Loddon - On 2 June, a moped was stolen from Garside Close. It was found, burnt out and with parts removed. Two days later in the same streets, several youths were reported breaking into sheds. Two youths were stopped by police. It was not known whether they had committed offences, so they were taken home and their parents were advised.

On 11 June, a burglary was reported at the Post Office in Sherfield on Loddon.

On 21 June, a vehicle in Garside Close was damaged while parked overnight.

A stone eagle has been stolen from a churchyard at Sherfield on Loddon. T
